

5th FUTURE BATTERY FORUM

November 5 – 6, 2024 | ECC Berlin, Germany + online

FACT SHEET

Competence Partners

Accelerating Europe's battery industry: Innovative. Sustainable. Stronger together.

- Staged under this motto, the **hybrid management conference** brings together the entire value system of battery technologies.
- **1000 users, battery system & cell manufacturers** and **their suppliers** spend two days at **ECC Berlin** exchanging information, making new contacts and discussing how the industrial ramp-up with a high market share of battery-driven solutions can be achieved.
- More than **2000 online participants** join additionally via the virtual conference platform.

PARTICIPANTS
IN BERLIN

Hybrid event

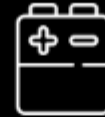

VIRTUAL ATTENDEES
FROM 96 COUNTRIES

Focus Topics & Formats

The conference is organized along **six strategic topics**. The participants learn and discuss the battery solutions of the future in **keynotes, panel discussions, master classes, pitches and many other formats**.

MARKET STRATEGIES AND POLICIES

xEV AND STATIONARY APPLICATIONS

MANUFACTURING AND GIGAFACTORIES

LIFECYCLE AND SUSTAINABILITY

BATTERY CHEMISTRY AND DESIGN

BATTERY WORKFORCE

Selected Speakers 2023

DR. DIRK ABENDROTH
CEO,
CUSTOMCELLS Group

ROBIN BELL
NPI Director,
ILIKA Technologies

MARIAN BOCEK
Co-Founder and CEO,
InoBat

RICHARD BOUVERET
CEO & Chairman,
Blue Solutions

GUIDO FEIND
Head of Siemens Digital
Industries Germany,
Siemens

ANNA HARTHUS
Director Business Development
Battery Systems,
Webasto Group

DR. NÚRIA GONZÁLEZ-GARCÍA
Head of Research & Technology,
betteries

DR. SVEN JANTZEN
Director Government Affairs,
Umicore AG & Co. KG

TOM EINAR JENSEN
Co-Founder and Executive
Chairperson of Board of Directors,
FREYR Battery

MARK LADERER
Executive Vice President
Mobility & Battery Solutions,
MANZ AG

CARMEN MEYERS
VP Business Management
Europe, Battery Materials,
BASF SE

DR. SARAH MICHAELIS
Division Manager Battery
Production,
VDMA

DR. GILLES NORMAND
President ProLogium
Europe and EVP Global
Development,
ProLogium

NICOLAS STEINBACHER
Senior Director Strategy &
Corporate Development,
Northvolt

YANN VINCENT
CEO,
**ACC Automotive Cells
Company**

ILKA VON DALWIGK
EBA Policy Manager,
EIT InnoEnergy

SEBASTIAN WOLF
COO,
PowerCo

KAI-UWE WOLLENHAUPT
President SVOLT Europe,
Vice President,
**SVOLT Energy Technology
Ltd.**

Participants

We were able to steadily increase the number of **C-level participants on-site** to encourage valuable exchange and develop the conference to a **must-attend event for decision makers** in the battery industry.

Participants

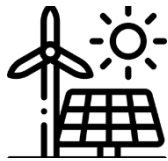

Our participants come from **all around the world** with a focus on Europe. We were able to **increase the internationality** of participants in 2023 compared to previous events.

Target Groups

Automotive industry
and transport
professionals

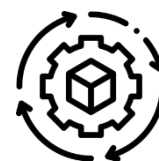

Energy sector
representatives

Cell manufacturers
and chemists

Production
specialists and
operational
managers

Supply chain and
logistics managers

Political decision
makers and
regulators

Research and
development
experts

Decision makers from these companies attend the event

Participant list

Exhibition: The heart and soul of the Future Battery Forum

Exhibition: Sold out in last two years

Located directly adjacent to the conference hall, the exhibition area is a marketplace where **over 100 companies from the entire battery value chain** showcase their latest products, solutions, and innovations.

It's also the place where participants, speakers, and exhibitors **meet for lunch, network during the coffee breaks**, and enjoy the **get-together** with cocktails and flying dinner in the evening.

What speakers say

I just wanted to send you a short “Thank you!” for the organization of one of the best battery events I attended this year. It was a pleasure to be part of it - and looking already forward to next year!

— **Ilka von Dalwigk**, Policy Manager, InnoEnergy

I was thrilled to participate in insightful discussions at the Future Battery Forum in Berlin. This is a top notch event, gathering about 2,500 people (physical and digital), I do recommend based on my long experience back from 2015.

— **Gilles Normand**, President, ProLogium Europe

I was truly impressed by the quality of the event, the professionalism of the teams and the diversity of the attendance. You are setting the bar quite high!

— **Vincent Veron**, Low Carbon Transition Group, BNP Paribas

What attendees say

The conference was full of positive energy (...) I laughed, learned, met amazing people, and am excited for what is next. I am immensely grateful to have had a seat at the table with some of the most innovative thinkers and global leaders in the battery industry.

— **Crystal K. Waters, PhD**, Senior Staff Scientist,
The Chemours Company

Grateful for an enriching experience at Future Battery Forum 2023! I had very engaging discussions with existing clients - but it was also great to connect with prospective partners and discover unknown companies and potentials. (...) The professionalism of the conference format has me eagerly anticipating next year!

— **Lukas Kothmeier**, Managing Director,
Lukas Kothmeier Consulting

Thanks to IPM for a fantastic 4th Future Battery Forum! Good talks, good app for very interested questions and good talks in the halls!

— **Sonja Specks**, Founder, Helmholtz-Zentrum Berlin

What exhibitors say

Once again, we are delighted to be taking part in the Future Battery Forum. The event offers us the opportunity to present our measurement technology portfolio and new products in the field of battery development and production to exactly the right target audience. The Future Battery Forum is perfect for networking, not least thanks to the integration of the event's own app.

— **Kistler Instrumente GmbH**

Very few events like Future Battery Forum offer such an exhaustive panel of competencies. Visitors can meet chemistry experts, material developers, equipment manufacturers, end-users, battery recyclers, as well as fund raisers while skilled moderators allow attendees interact with world class profiles on strategic topics like Environment, E-Mobility, Energy, and finance, during pertinent conferences.

— **SOVEMA GROUP S.p.A.**
